

St. Michael

THE ARCHANGEL SCHOOL

Principal's Message

It is an honor and privilege to serve as principal of St. Michael the Archangel School. I am blessed to be part of such a caring, compassionate, and hardworking school family. Our mission is to provide each child with the highest quality education possible. I believe it takes a village to raise a child and we are truly a village with teachers, parents, and other community members working together to provide what is best for every child. As educators, we have the incredible responsibility and opportunity of not just teaching our children but also to make a positive impact in their lives. I believe in teaching the whole child. This means it is our responsibility to teach and to meet the needs of every child instructionally, socially and emotionally. My promise is to keep students at the forefront of every decision we make as a school. We will strive to teach and provide students with the knowledge, skills, and mindset necessary to have a successful future. We will encourage and teach curiosity, problem-solving, and instill a life-long love of learning. We will teach having a growth mindset and GRIT so all students will learn to face challenges with confidence and perseverance. And most of all, every child will be valued and cared for. As a Catholic leader it's important to not only share the Catholic beliefs with staff and students but to demonstrate those beliefs as well. In doing so the students and staff will be able to incorporate these values throughout their lives.
